ADMC Level 1 Vocabulary words – Quiz 3 DICTATION

My favourite activity is camping. Sometimes I go alone but usually I join my friends. Everyone brings a tent for sleeping. My tent is an excellent one. I have another one at home but it is old and not so good. In the desert, we can enjoy nature. Camping is a national hobby in UAE. While we are camping, we enjoy playing football in a team and running races. I am not usually the winner because I'm not very strong or fast.

Last week, I went fishing and caught a big fish. I was so surprised. When I arrived home, I was tired and took a long rest.

ADMC Level 1 Vocabulary words – QUIZ 4 DICTATION

When I was a child, I wanted to be a pilot. I loved noisy airplanes and going on trips to places far away. But when I was twelve years old, I was on my way to Germany when the airplane went on fire. I was very scared and decided to change my plans. So today, I want to be an engineer. I enjoy building new things. Sometimes engineers get dirty when they are working and sometimes their office is not comfortable. But I think their office is quiet, unlike an airplane. I will ride my bicycle from my apartment to my work because the traffic is always too busy.

ADMC Level 1 Vocabulary words – QUIZ 5 DICTATION

I wanted to bake a cake so I called my mother to ask for some advice. She agreed to help me. I got a bowl from the kitchen and I started to make the cake. I needed some milk but the bottle was empty. So I asked my neighbor if I could have some of his milk. He agreed. When I finished, I put the cake in the oven and it started to grow. Then I decided to make some special dinner as a gift to my mother because it was her birthday. I got a carrot, a pepper and an onion and I cut them up and put them in oil. Then I tried to make some sauce. We ate the dinner with a fork. After dinner, we shared some candy. I felt thirsty so I drank some water. After one hour, my stomach was sick. Maybe I am not a good cook!

ADMC Level 1 Vocabulary words – QUIZ 6 DICTATION

When I was driving home from college, I realized I forgot my iPad and so I returned to college to get it. The traffic on the road was very heavy. There were many drivers who were not careful. One driver entered straight onto the road without checking the traffic. When I needed to change lanes, another driver didn't let me in. One driver cut me off when he exited the road without indicating. One lady ran out of petrol and her car stopped. This slowed down all the traffic. Later on, there was a dead animal which blocked the road. Some drivers were angry and sounded their horns. When I arrived home, my mother was worried because I was late. It was twenty past six. I told her what happened.
